Dumping and Subsidizing

DETERMINATION

Preliminary injury inquiry
PI-2025-001

Certain Carbon or Alloy Steel Wire

*Determination issued
Thursday, June 19, 2025*

IN THE MATTER OF a preliminary injury inquiry, pursuant to subsection 34(2) of the *Special Import Measures Act*, respecting:

CERTAIN CARBON OR ALLOY STEEL WIRE

PRELIMINARY DETERMINATION OF INJURY

The Canadian International Trade Tribunal, pursuant to the provisions of subsection 34(2) of the *Special Import Measures Act* (SIMA), has conducted a preliminary injury inquiry into whether there is evidence that discloses a reasonable indication that the dumping of carbon or alloy steel wire, of round or other solid cross section, in nominal sizes up to and including 24.13 mm (0.950 inches) in diameter, whether or not coated or plated with zinc, zinc-aluminum alloy, or any other coating, including other base metals or polyvinyl chloride or other plastics, originating in or exported from the People's Republic of China, the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei), the Republic of India, the Italian Republic, the Federation of Malaysia, the Portuguese Republic, the Kingdom of Spain, the Kingdom of Thailand, the Republic of Türkiye, and the Socialist Republic of Vietnam (the subject goods), excluding the following:

- stainless steel wire (i.e., alloy steel wire containing, by weight, 1.2 percent or less carbon and 10.5 percent or more chromium, with or without other elements);
- wire of high-speed steel; and
- welding wire of any type

has caused injury or retardation or is threatening to cause injury, as these words are defined in SIMA.

This preliminary injury inquiry follows the notification, on April 22, 2025, that the President of the Canada Border Services Agency had initiated an investigation into the alleged injurious dumping of the subject goods.

Pursuant to subsection 37.1(1) of SIMA, the Tribunal determines that there is evidence that discloses a reasonable indication that the dumping of the subject goods has caused injury to the domestic industry.
