Dumping and Subsidizing

DETERMINATION

Preliminary injury inquiry
PI-2025-003

Thermal Paper Rolls

*Determination issued
Monday, August 11, 2025*

IN THE MATTER OF a preliminary injury inquiry, pursuant to subsection 34(2) of the *Special Import Measures Act*, respecting:

THERMAL PAPER ROLLS

PRELIMINARY DETERMINATION OF INJURY

The Canadian International Trade Tribunal, pursuant to the provisions of subsection 34(2) of the *Special Import Measures Act* (SIMA), has conducted a preliminary injury inquiry into whether there is evidence that discloses a reasonable indication that the dumping and subsidizing of thermal paper rolls in nominal widths up to and including 15 centimetres, with a nominal paper weight of 70 grams per square meter (“gsm”) or less and a thermal active coating on one or both sides comprised of a dye and a developer that react and form an image when heat is applied, excluding thermal paper rolls with an adhesive backing, originating in or exported from the People’s Republic of China (the subject goods), have caused injury or retardation or are threatening to cause injury, as these words are defined in SIMA.

This preliminary injury inquiry follows the notification, on June 12, 2025, that the President of the Canada Border Services Agency had initiated investigations into the alleged injurious dumping and subsidizing of the subject goods.

Pursuant to subsection 37.1(1) of SIMA, the Tribunal determines that there is evidence that discloses a reasonable indication that the dumping and subsidizing of the subject goods have caused injury to the domestic industry.
