File No. PR-2014-010

Oracle Canada ULC

v.

Department of Public Works and
Government Services

*Order issued
Wednesday, June 11, 2014*

IN THE MATTER OF a complaint filed by Oracle Canada ULC pursuant to subsection 30.11(1) of the *Canadian International Trade Tribunal Act*, R.S.C., 1985, c. 47 (4th Supp.);

AND FURTHER TO a notice of motion filed by Oracle Canada ULC pursuant to rule 24 of the *Canadian International Trade Tribunal Rules* for an order directing the Department of Public Works and Government Services to produce certain documents.

BETWEEN

ORACLE CANADA ULC

Complainant

AND

THE DEPARTMENT OF PUBLIC WORKS AND GOVERNMENT SERVICES

Government Institution

ORDER

Having considered the motion by Oracle Canada ULC filed on June 4, 2014, the comments by the Department of Public Works and Government Services and Sierra Systems Group Inc. filed on June 9, 2014, and the reply by Oracle Canada ULC filed on the same day, the Canadian International Trade Tribunal hereby dismisses the motion. In the Canadian International Trade Tribunal's view, it is premature to order the filing of such documents before the Department of Public Works and Government Services has had the opportunity to file a Government Institution Report that must contain all documents relevant to the complaint in accordance with rule 103(2)(c) of the *Canadian International Trade Tribunal Rules*.
